CompTIA Partner

Our CompTIA partnership provides participants with a complimentary CertMaster test prep tool and an exam voucher to take the CompTIA certification exam of their choice. Learners will choose a cert that best aligns with their interests and career goals from the following list: Security+, Network+, Linux+, Server+, or Cloud+.

Acquire in-demand technical skills through project-based learning during the boot camp. Then, receive a complimentary test voucher for your exam of choice through our partnership with CompTIA to set yourself apart and achieve your goals.

Unlock opportunity through this winning combination:

THE SKILLS YOU NEED TO SUCCEED:
Hands-on skill building, live lab simulations

During the **24 week boot camp** you will learn in a live classroom. You'll build foundational knowledge, hone your skills with in-class exercises, and put them to the test in live lab simulations and projects meant to simulate real-world scenarios.

THE CERT TO HELP YOU STAND OUT:
Free access to industry recognized CompTIA certification

Upon graduation, you will receive access to a certification voucher and test prep tool at no extra cost (~$569 market value). Through our partnership with **CompTIA** you'll receive a voucher to take an exam of your choice, plus the cert master practice tool to prepare outside of class for the exam.

cybersecurity positions request at least one Certification.
— According to Burning Glass

100K
there are currently more than 100,000 job listings requesting a CompTIA Security+ certification.
— According to Burning Glass

Certificates
"The purpose of attaining one or more cyber security Certificates is to allow security professionals to better market themselves to recruiters and potential bosses"
— Cyber Security Recruiter

How it works

1 Enroll in the course, **build skills for 24 weeks**. You will cover 2 weeks of Security + test prep in class.

2 Work with your career services team to help **choose the cert that is best** for you and your career goals.

3 Upon graduation, **choose your certification.**

4 Receive access to the **voucher and cert master practice tool**, valid for 12 months after you graduate.

YOUR CERT CHOICES:

CompTIA Security+
CompTIA Network+
CompTIA Cloud+
CompTIA Server+
CompTIA Linux+ POWERED BY LPI
