Assessment

Introduction | Quiz

Introduction

Congratulations on taking the next step to furthering your career!

You will have up to 40 minutes to complete this 20 question multiple-choice assessment. Searching for answers using Google is part of every developer's toolkit, so feel free to use those tools during the test!

Tips

To make the best use of your time, we strongly recommend using a laptop or desktop computer so you can easily navigate between windows should you want to look something up.

Be prepared and have a pencil, paper, and calculator ready if needed. This assessment is designed to gauge your interest and ability to think critically, not the level of knowledge you have in the field.

Ready? Let's do this.
